

TMC display in Siedle Vario

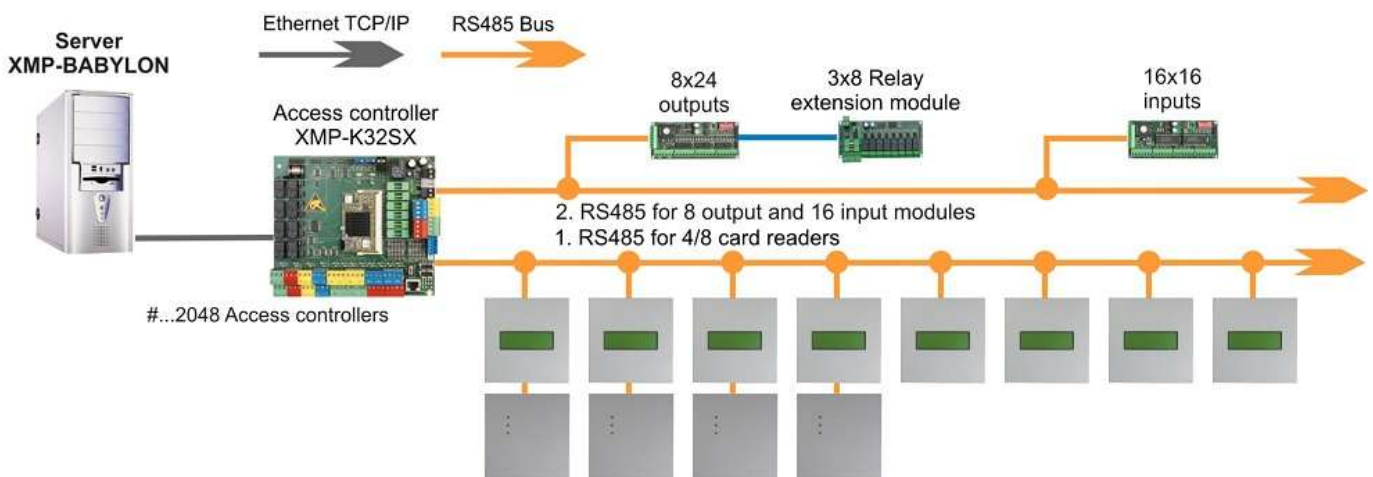

Dear Sirs,

As of now we offer a Siedle Vario module (BM611) with an integrated 4 line LCD display. This module is combinable with a specific card reader or can communicate directly with the access controller.

Main Features:

- Blowfish- or AES 256 encryption (SecuCrypt® protocol)
- Free programmable display lines (4x20 characters)
- Up to 8 modules connectable to the access controller
