

## Picture-storage function for K32 controller

Dear Sirs,

As of now we offer the new integrated video-solution for the K32 controller. Hereby, event-triggered picture-storage can be realized easily. Bookings, sabotage-alarms, status-alterations etc. will be registered and documented through a defined picture-sequence with up to 5 pictures before and after the event. Per K32 up to 4 customary IP-cameras with up to 1024 x 1280 pixels can be connected.

Article number	Functions
XMP-K32-105	<b>K32 picture-storage software.</b> Event-triggered picture-storage on the K32 flash memory. Up to 4 network cameras connectable. 400 pictures storage.
XMP-K32-106	<b>Extended K32 picture-storage software.</b> Like XMP-K32-105 but with 1GB flash memory. 20000 pictures storage.

If you have any questions, please do not hesitate to contact us.

Yours sincerely,

Your AUTEC - Team
