

End of Life – XMP-K32

Dear Sirs,

The series of the 32bit door controller "XMP-K32" is discontinued with effect from 01.04.2018 and will be replaced with additional software extensions for the XMP-K32EX.

This way we achieve more flexibility on all projects, because with easy and cost-effective software updates we can fulfil the demands of our end users.

Another major benefit: The additional software extensions are available for our door controllers XMP-K12EX, XMP-CMM-EX and XMP-TMC3600 as well.

Order number	Description
 XMP-K32EX-F19	Software extension to 600.000 badges Hint: XMP-K32EX-F1 & XMP-K32EX-F10 required
 XMP-K32EX-F20	Software extension Multi-Host
 XMP-K12EX-F19	Software extension to 600.000 badges Hint: XMP-K12EX-F1 & XMP-K12EX-F10 required
 XMP-K12EX-F20	Software extension Multi-Host
